

AURO High-grade Lime Paint

AURO high grade Lime Paint No. 344 is a breathable and opaque mineral based paint. It has no VOCs or synthetic additives. The mixture is primarily water and slaked lime. Titanium Dioxide is used for pigmenting. AURO consistently uses natural materials and discloses 100% of their ingredients on their website's Raw Materials Guide. This includes what the ingredients are typically used for, as well as where they are sourced from.

CATEGORY	MANUFACTURER
Paint / Mineral, Lime	AURO

MATERIAL COMPOSITION*

Water, Calcium Hydroxide, Titanium Dioxide, Mineral Fillers, Cellulose

**as reported by the manufacturer*
