

# Limewash Paint

LEC

AVAILABLE IN THE EU

Bauwerk Limewash Paint is a natural mineral paint, suitable for unsealed interior and exterior applications . This paint is solvent-free and has a VOC content of below 0.01 g/l. It actively supports surface breathability which regulates humidity in masonry structures and helps prevent flaking or peeling of surfaces. It is inherently antibacterial due to its high pH levels and is free from biocides, formaldehydes, and fungicides. The paint uses Titanium Dioxide and mineral earthen pigments as colourants. It is a Class A1 fireproof paint.

CATEGORY                      MANUFACTURER  
**Paint / Mineral, Lime    BAUWERK Colour**

**MATERIAL COMPOSITION\***
