

# Soapstone Sealer

Real Milk Paint's Soapstone Sealer is a food contact safe finish for soapstone, slate, granite, and concrete countertops, as well as any raw or honed porous countertop that does not have a glossy or polished finish. It is made from food-grade Walnut Oil and T1 Carnauba Wax Flakes with no added solvents or fragrances. It has no VOCs and will provide a low luster finish without the continuous reapplication that is required with mineral oil.
