

St. Astier Lime Paint

AVAILABLE AT THE DONGHIA
MATERIALS LIBRARY

St. Astier's Lime Paint is composed of over 90% pure high calcium non-hydraulic hydrated lime. As it absorbs into the substrate, it penetrates the wall. It can be used on many materials, both interior and exterior. This product allows the surface to breathe. It is sold as a powder.

CATEGORY

Paint / Mineral, Lime

MANUFACTURER

St. Astier
