

Tisenza

LEC LOW-EMBODIED CARBON MATERIAL

LEC AVAILABLE IN THE EU

Keim Tisenza interior paint has the same positive qualities as Innostar - it is mineral-based, is C2C Material Health Gold certified - with the added benefit of a formula that excludes titanium dioxide, the nanoparticles of which are considered an occupational carcinogen according to OSHA. Available in the EU in whites and shades, this matte paint has a Class 1 wet abrasion resistance.

CATEGORY Paint / Mineral, Potassium Silicate
MANUFACTURER Keim
