

# Cendura Standard Wood Veneer Doors

**A HEALTHIER AFFORDABLE BUILDING PRODUCT**

The Cendura Standard Wood Veneer Door was previously sold under the brand name Mohawk. Their doors meet CARB Phase 2 standards for formaldehyde emissions. ULEF and FSC doors are available upon request.

\*NOTE: This product is available in ULEF as opposed to NAF, meaning it contains low-emitting formaldehyde.

**CATEGORY**                      **MANUFACTURER**
