

ECO Carpet Tile

A HEALTHIER AFFORDABLE BUILDING PRODUCT

AVAILABLE AT THE DONGHIA MATERIALS LIBRARY

Tretford's ECO carpet tile is made from Cashmere goat hair fibers and a phthalate-free, 100% post-consumer recycled PET backing. The Cashmere fibers naturally filter dust and allergens from the air and are incredibly durable. The tile's unique construction also allows the carpet to be cut in any direction, including circles, without fraying or damage, enabling limitless design opportunities.
