

Criaterra Wall Tiles

CRIATERRA creates 100% natural, compressed earth blocks through an innovative manufacturing process with no kiln required. Their cement-free "Bio-Geo Stone" building products are currently made as wall tiles. It is recommended to install with disassembly considerations as the material is recyclable and able to return to the earth after use.

CATEGORY MANUFACTURER

Tile, Clay Criaterra

MATERIAL COMPOSITION*

CRIATERRA is composed of hay plant fibers, silt, sand, and clay.

**as reported by the manufacturer*
