

# Ecologic Trademark Plaster Takcoat Platinum

Takcoat is a lime plaster that can be used on interior or exterior / applications such as e.g., drywall or masonry. This plaster can be applied without a primer.

Limeworks are experts through their experience in masonry, historic restoration with Lime - Naturally Hydrated Lime (NHL). Production with NHL requires less energy, hence the release of CO2 is reduced considerably and NHL reabsorbs most of the CO2 during the curing process. The product contains no Portland Cement, 90% is sourced in the USA.
