

Forbo MCT

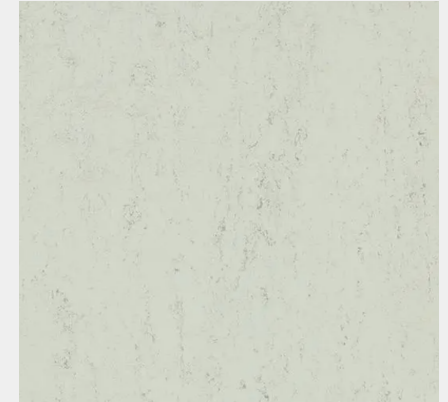

A HEALTHIER AFFORDABLE BUILDING PRODUCT

AVAILABLE AT THE DONGHIA MATERIALS LIBRARY

LOW-EMBODIED CARBON MATERIAL

Marmoleum MCT tiles are made from natural materials such as linseed oil and rosin. The product is free from toxic materials such as phthalates. The modular tiles allow you to mix and match to design a unique floor surface. This product has a slightly thinner gauge at 2.0mm. Marmoleum MCT is 100% biobased according to Biopreferred.gov.

Per Forbo's product-specific EPDs, this Marmoleum flooring system meets HML's criteria for low embodied carbon.
