

Interior Mineral Paint & Primer

This mineral-based paint allows for an exceptionally durable bond between paint and substrate that can last for decades. Free of plasticizers, solvents, preservatives, and biocides, Alkemis does not off-gas and is conducive to a better indoor climate. Alkemis is C2C certified with a Material Health Gold ranking. The paint is a velvet-matte, scrub-rate class A finish.

CATEGORY

Paint / Mineral, Potassium Silicate
