

# Oil Plus 2C

Rubio Monocoat's Oil Finish is a healthy option for wood finishing. A single layer of this product will protect wood from water, heat, and daily wear and tear through molecular binding with the wood fiber. It is great for use on hardwood flooring, wood furniture or any other wood product. This product creates a finish that is easy to maintain, and it is free of VOCs and solvents.

\*Note: This product is sold in two components. Component A is the oil finish and Component B is an accelerator, which speeds the drying process. Although it helps with convenience, we recommend the product to be used without the accelerator as it contains isocyanates, listed as asthmagens and potential carcinogens by [OSHA](#)
